## Ist Div

From the Coach

Game One over and done with, pleasing to see instructions carried out and with a number of new players we were able to team together and to gain a good win first up. The back six have knitted together and were solid all day long refusing to allow easy scoring shots from the opposition. The midfield provided plenty of opportunities and linked up well with the defence.

This week is the challenge clearly the most dominate side of the past ten years. Here lies our chance to impose ourselves on the rest of the competition. If we stick to the game plan I know we have an advantage because we know where our team mate is going to give the ball too. It should be hard slog in what is likely to be wet conditions, we must put our bodies on the line and protect each other as per training emphasis. Provided we have come to play to we will be able to win this game.

## Ist Div Masters 2011 - Premiers

Welcome to Beaconsfield Masters 1 match report

Our first game was up against old foe Ascot Vale. Over the past few years these games have been very close. This game however was totally controlled by Beaconsfield. We set the game up kicking into the wind with a 5 goal to nil first quarter. Our mid field players where in full control. First gamers Scott and Drew Evans where getting amongst the possessions and the old stagger Turtle slotted right back in .Roachie and Burger starred up forward.

The second quarter started much the same as the first but this quarter we had a slight breeze. Unlike passed games in Masters 1 we stuck to the game plan and did not over use the ball and blaze away at goals. We kicked 6.2 .Jimmy Buzz and Tymo had full control of the back half.

Third quarter was a bit of a struggle kicking into the wind. We won the quarter but not in a convincing way. Stich was everywhere and Blackas and Col where giving us every opportunity. The quarter was shortened to 15min but we could not press up into

the forward line.

The last quarter again was shortened to 15 minutes so I urge everyone to run the game out, forget the third and finish off well. We regrouped and focused on the task ahead. Sloany and the boys controlled the centre. Burger, Woody, Big Kev and Turtle slotted in majors. The game was ours. We did what I asked and full credit to everyone who played the game. At the end we won all four quarters and ran the game out. This will help us going into Essendon this week

Final scores Beaconsfield 16.7.103 def Ascot Vale 1.2.8

Goal scorer's Roachie 4 Burger 3 Turtle 2 Easto 1 Glover 1 Scotty 1 Muddy 1 Morgs 1 Woody 1 Big Kev 1

Best Buzz Sloany Stitch Tymo Roachie

Special mention to first gamers Drew and Scotty well done. To Col Cameron, Blackas, Willow and Podge thanks for filling in

Today's game is one that requires structured game plan 4 quarter's of football and above all the will to win. I have full faith in everyone who takes the field today to do the jumper, team mates, club and the most importantly yourself proud.

Good luck today

Coach Out

## Legends

Legends over 47's

Beacyvs Frankston

It was a great day and a great start to the season with everyone anxious to get out and on the field as they were all there early and eager to go. First goal of the year went to the sneak, big bad Bazz from a cheap free, 10 metres out, 45 degree angle, still it gives him bragging rights over Millsy.

We looked strong from the first ball up with everyone sharing it around with decisive kicking, effective hand passing and good support all round. Blackers was leading strong and marking well at full forward kicking two for the quarter. Podge was getting it out of the centre repeatedly and showing flair all around the ground. The old timer, 200 gamer, Gubbo kicked the next and only supergoal for the day along with Belly later in the quarter bringing the score to five goals and a 28 point lead for our first quarter of the year.

The second quarter saw a repeat performance of the first with Col and Podge driving it from the centre down to Belly who kicked another two for the quarter with Millsy and Mal kicking majors as well. Back line was strong across all positions with usual guys Steve Riv, Mal and first timer Craig repelling all that came their way.

After the half time break the heat may have got to use as we seemed to take the pedal for the gas only scoring one goal via Gubbo and a point to Steve Fulup. However Matty McArthur kept at it playing a great game along with the back line keeping them to two goals only. Craig had a task against Rusty doing it very well and saving us numerous times at full back. Looks like the new man for the job.

Last quarter we kept them scoreless and kicked another four goals via Macka and Paddy, with two each. Big Paddy making his debut in the legends at half time to play in the real game, starting at ruck and then moving to full forward leaving the ruck work to Col. Good move Roscoe and maybe we can sign him up full time?

On the whole it was a great game and extremely hard to pick out individual efforts as everyone contributed to a great win. If you couldn't tell by now I was goal umpire along with Pav so I will share some stats with you. Scored for the day by both teams were 20 goals and only 4 points, just goes to show we may be old but still skilful. Great team effort to win by 55 points.

## 2/3 Masters

Round 2 Masters 2/3 Beaconsfield v Melbourne

A well fought first term saw an even start with Mc Menamin and Madeley sharing ruck duties and our midfield and wings running the ball into the forward line.

After some undisciplined play late in the first and into the second quarter, we fell behind, but still in it. Our back-line held together well to stop several opportunities for Melbourne to score.

The third term saw us again battling hard and keeping a tight score line with a one point lead at 3/4 time.

Some skill errors and heavy legs set in, we kept running, but again a lack of discipline let us down and Melbourne ran away easy winners.

This week we face Peninsula, a bit unknown to us, but we are desperate for a win.

Keep Positive boys!!

Scores Beaconsfield 6.3.39 Melbourne 9.11.65

Best: Roe, Gubbins, Nelson, Madeley

Goals Taylor, Gubbins
